

The State Garage Service Center has been providing quality service on state vehicles for over 50 years. Our technicians have over 180 years of experience repairing Ford, GM and Chrysler vehicles. The extensively trained technicians give each customer the individual attention needed to ensure a quality repair.

The State Garage Service Center is certified by GM, Ford and Chrysler to perform all vehicle repairs covered under factory warranty provisions.

Experience: All mechanics are Ford, GM and Chrysler certified technicians who participate in new model training programs.
